MEMORANDUM FOR Mr. Volker Fischer  
Fischer GmbH  
Schelderhutte 16

SUBJECT: Extension of Approval of Fischer GmbH Type II Plastic Media

1. The Air Force Corrosion Prevention and Control Office has the responsibility for maintaining the list of qualified suppliers conforming to MIL-P-85891A under a joint Memorandum of Agreement with all federal organizations. In anticipation of release of an updated MIL-P-85891A, our office is extending the approval of the current list of qualified suppliers to March 2019.
2. In the interim, this letter is provided to Fischer GmbH to indicate that their Type II plastic media has passed the MIL-P-85891A first article testing (completed July 2014), and is **approved** for use until **March 2019** unless removed earlier for non-conformance. At that time, Fischer GmbH will be required to supply our office with a new third party, first article test report per the newest version of MIL-P-85891A. To remain on this MIL-P-85891 list of qualified suppliers, manufacturers must **requalify their product as required in MIL-P-85891A, unless required earlier** from the date of this approval letter. Failure to re-qualify will be sufficient justification for removal from T.O. 1-1-8 and/or the MIL-P-85891A list of qualified suppliers. Our office has forwarded your extension to the MIL-P-85891A qualified products list (QPL) by email to the General Services Administration with the same date as your letter.
3. If you have questions or require additional information, please contact our POCs Mr. Dave Ellicks, AFLCMC/EZPT-CPCO, Comm (478) 926-7701, DSN 468-7701, email david.ellicks@us.af.mil or Ms. Lindsay Davis, Ctr, AFLCMC/EZPT-CPCO, Comm (478) 926-7648, DSN 468-7648, email lindsay.davis.4.ctr@us.af.mil.
